

PanoramAI
Case Study: How
HGI uses GenAI for
document review

Case Study

HGI approached Panoram for support on an urgent document review task, aiming to streamline reporting, improve recall and accuracy, provide clear and defensible reasoning and keep overall costs low.

3 Hours

The GenAI review was completed
in less than 3 hours.

8,000 documents

PanoramAI analysed 8,000 documents within the review time.

 **60%**

**Reduced the cost of human review
by 60%**

“Truly impressive speed and accuracy”

Cheryl Martin
COO

“Technical experts, always just a phone call away”

Michal Bartunek
Operations & Supply Chain Director

Case Study

Within the deadline, PanoramAI produced a clear, tabular report mapping every responsive data point with defensible reasoning - achieving accuracy, speed, and compliance in one streamlined process.

PanoramAI handles document review for the following:

Cyber: Pre/Post Incident

Disputes: Litigation/Arbitration

Compliance: DSARs/Investigations
